

Remarks/Arguments

A Petition for Revival for unintended abandonment is filed herewith.

The disclosure is amended at pages 6 and 7 to overcome the objections listed in paragraph 1 of the office action.

Claims 4-7 and 13-15, are indicated to have allowable subject, and claims 4 and 13 are now written in independent form. Therefore, claims 4 and 5-7 dependent therefrom, and claim 13 and 14-15 dependent therefrom, are believed to be in order for allowance.

Claim 1, rejected over Adams 3,535,859, is amended to set forth that the mounting device is movable with respect to the feeder house and the header drive shaft is mounted on the mounting device for movement with respect to the feeder house with the mounting device. Adams fails to show such a shaft mounting, instead providing support for the header drive shaft from the header. Therefore, claim 1 and claims 2-3 dependent therefrom are believed to be in order for allowance.

Claim 8, also rejected over Adams, is amended to set forth that the header drive shaft is supported from the mounting device and remains supported by the mounting device when the header is released from the mounting device. The drive shaft in Adams is rather supported from header. Therefore, claim 8 and claims 9-13 are believed to be in order for allowance.

In conclusion, it is believed that this application is in condition for allowance, and such allowance is respectfully requested.

Any fees or charges due as a result of filing of the present paper may be charged against Deposit Account 04-0525. Two duplicates of this page are enclosed.

Respectfully,
